

Transportation of restricted pharmaceuticals to/via Russia, Kazakhstan & other EEU countries

Dear Valued Customer,

AirBridgeCargo Airlines, LLC (ABC) would like to remind you **to comply with** all **customs** and other **governmental regulations** of Origin, Transit (when applicable) and Destination country en route.

Special attention should be paid to the **pharmaceutical products** transporting **to/via Russia, Kazakhstan** and other countries of **Eurasian Economic Union (EEU)**: *narcotic drugs, psychotropic substances* and their *precursors* approved by the **decision** of the Board of the Eurasian Economic Commission of April 21, 2015 **№ 30**. are subject to the **strict control**.

Items included into the **Unified List of Goods** from **section 2.12 of EEU Decision № 30** are banned or restricted by the member-states of the Customs Union within the Eurasian Economic Community.

To be in compliance with EEU legislation, **exportation/importation** of certain goods require **special license** which should be executed in accordance with **instruction** approved by **decision № 199** of the Board of the Eurasian Economic Commission of November 6, 2014.

Transit of goods mentioned in section 2.12 of EEU Decision № 30 via Russia, Kazakhstan and other EEU countries is totally prohibited.

All information can be found on the official website of Eurasian Commission <http://www.eurasiancommission.org/>. The list of narcotic drugs, psychotropic substances and their precursors from section 2.12 is additionally provided in **Annex 1**.

We kindly ask you to forward this information to your management and to each department in your company, which deals with this issue.

Thank you!
Welcome on board!

45. Mixtures containing several substances specified in List III in concentrations equal to or exceeding those determined for them in List III.			
46. Mixtures containing several substances specified in items 26-36 and 42 of List III (marked with a "*" sign) in concentrations lower than those determined for them in List III if their cumulative concentration is equal to or exceeds the concentration which has been determined for one of the substances and which value is the highest in List III.			

Notes to the Section:

1. For the purpose of this Section, the code of EAEU commodity nomenclature of foreign economic activity, as well as an international non-registered or other non-scientific name, chemical name, or brief description of a narcotic drug, psychotropic substance or precursor should be referred to.
2. Classing a substance as a particular narcotic drug, psychotropic substance or precursor included into this Section does not depend on which trade (brand) names, synonyms or abbreviations are used as its name.
3. With regard to **Item 34** of List III, licensing is used if the commodity is not controlled by the export control system.
4. With regard to combined medications containing, other than a drug or substance included into List I, other pharmacologically active components, control shall be established on an individual basis by means of incorporating such combined medication into a relevant list of this Section.
5. Concentration of substances specified in Lists II and III shall be determined based on the mass fraction of the substance in the mixture (solution).

(Comments of FEA-Info (Foreign Economic Activity) developers: additionally, refer to [the letter of S.Petersburg customs office No. 33-48/249 dated 20.03.2012](#)).
